7:15 PM **Presentation: US Forest Service Road Management** — US Forest Service

Presented by Matt Peterson, Assistant Recreation Staff Officer, Willamette National Forest

The Willamette National Forest is working on developing a transportation investment strategy that will be used to guide road management decisions in the future and are wanting to hear from you. They are still early in the process and are wanting to reach out to local groups to share information about their effort, how the community can get involved, and to provide opportunities for initial feedback and suggestions on their process. The presentation will focus on three areas:

1. The history and current situation of road management
2. The planning process
3. When and how the public can be involved
